Hawi Mill & Plantation Co., Ltd. has become the owner of within fifty shares of half the capital stock of the Hawaii Railroad Co., Ltd., or 450 shares of the par value of \$100, the total capital stock amounting to \$100,-000. This is the consideration in a deed from the Hawi company, by John Hind, president, and Robert Hind, treasurer, to the railroad company of two pieces of land at Honoipu in Kohala district. The first piece is ocean front property, the description show-ing dimensions of 5.08 chains east from the initial point, thence 6.37 chains south, thence 1.97 chains west and thence along the coast to the initial point. The second piece contains an area of 10.4 acres. It is supposed that the deal means that Messrs. Hind have gone in with the railroad people to have their sugar shipped at Mahukona, the terminus of the road, instead of shipping it over the bluff into steamers direct as at present.
